

“ There are two things you can do with your head down – play golf and pray. – Lee Trevino ”

## *From the Prez*

October is here and the 2011 golfing season is coming to a close. As you all know by now we are going forward with the greens renovation project next fall and I wanted to update you all where we are to date. The board is scheduling time between now and the end of the year to put together timelines along with firming up costs and other items to prepare for the greens project. This will involve deciding our closing date along with a decision on fees for next year. If you have any suggestions on any of these or related items please let me know and will take them all under consideration as we put our plans together. As a reminder to all members many courses in Iowa have done such renovations to their greens and have all been very pleased with the outcome. I asked Brad to give me a list of courses in Iowa who have done renovations in recent years and we hope you can visit some of them this fall or next spring and see for yourself the success they have had.

They include:

Wakonda Club in Des Moines

Des Moines Golf

Crow Valley in Bettendorf

Oakwood CC in Coal Valley, IL (Quad Cities)

Finkbine Golf Course in Iowa City

Veenker Golf Course in Ames

Elmcrest in Cedar Rapids

Ankeny Country Club

As you can see some of the finest courses in Iowa and have gone through similar issues that we have. When we come out on the other end of this project we are going to have a first rate facility with our course and clubhouse. The board is very excited and we really appreciate the support of the members. I hope everyone can continue to enjoy the course the rest of this year along with the clubhouse. Don't forget if you have a need for holiday parties contact Chad as soon as possible his time slots are filling up.

See you soon.
